## Cash

Bus fare is \$2.00 for a single ride without transfers and 85¢ for disabled students. Transferring between buses requires a valid Day Pass, 31-Day Pass or another single ride fare is required.

---

### **31-Day Pass: \$57**

If you will be riding the bus every day your best fare option is the 31-Day Pass. This allows unlimited rides and transfers for 31 consecutive days. You choose the start date.

---

### **20-Ride Pass: \$33 (General Public), \$17 (Senior/Disabled)**

If you ride the bus frequently but not every day and you do NOT need to transfer buses consider a 20-Ride Pass. These passes provide 20 rides. They are a good option for students who only ride the bus one way each day (either to or from school) and do not transfer buses. 20-Ride Passes can be purchased on the bus. Just ask the driver for a 20-Ride Pass when you board the bus and pay your fare.

---

### **Day Pass: \$3.75 (General Public), \$1.75 (Senior/Disabled)**

If you ride the bus frequently but not every day and will be transferring buses or riding to and from school on the bus (round trip), a Day Pass is a good option. Day Passes allow unlimited rides and transfers until 2am the day they are activated. Day Passes can be purchased on the bus. Just ask the driver for a Day Pass when you board the bus and pay your fare.
