FFY 2023-2025 DBE Triennial Goal Board Resolution	30

Introduction

Eastern Contra Costa Transit Authority (ECCTA) implements a Disadvantaged Business Enterprise (DBE) Program in accordance with Title 49 of the Code of Federal Regulations, Part 26 (49 CFR Part 26). The DBE regulations require United States Department of Transportation (U.S. DOT) recipients to implement a DBE program and set triennial DBE participation goals.

The methodology to calculate the triennial DBE participation goal is a two-step process described in 49 CFR Part 26. Step-One of the methodology establishes a base figure for the anticipated U.S. DOT-assisted contracts to be awarded in the period. The base figure is derived from the relative availability of ready, willing and able DBEs in relationship to all comparable businesses that are ready, willing and able to participate in the anticipated U.S. DOT-assisted contracts. Step-Two relies on ECCTA's examination of evidence from its local market area to determine if an adjustment to the base figure is needed.

The DBE goal reflects ECCTA's determination of the level of DBE participation expected absent the effects of discrimination. As a recipient of federal money through the Federal Transit Administration (FTA), ECCTA has included a narrative description accompanied by tables and calculations in its goal setting and methodology to provide a clear explanation of how ECCTA developed its DBE Triennial Goal for FFY 2023-2025.

Summary

In determining the DBE goal for the Federal fiscal period of October 1, 2022 through September 30, 2025 based on the Federal Fiscal Year of October 1 – September 30, ECCTA reviewed the anticipated FTA-assisted contracting opportunities over this period, exclusive of any FTA funds to be used for the purchase of transit vehicles as transit vehicle purchases are excluded from the goal setting process. It then determined a base figure that represented the percent of DBE participation that would be expected if there existed a level playing field between DBE firms and non-DBE firms. Evidence available from ECCTA's local market area was examined to determine if an adjustment to the base figure was warranted. This methodology was then brought before relevant stakeholders in the DBE and non-DBE community before the DBE goal was finally decided to be 0 (zero)%. The goal is posted on ECCTA's website and available for review: <http://trideltatransit.com/business-dbe.aspx>

FTA Money

ECCTA receives FTA-assisted money at the discretion of the Metropolitan Transportation Commission (MTC). The money includes Section 5307, Section 5310, Section 5311, and Section 5339 funding, among others. Due to the nature of how MTC determines its funding allocation, the amount of money that ECCTA receives from these funding sources can vary, and are often blocked off for specific purposes, such as bus replacement. During FFY 2023-2025, ECCTA anticipates receiving \$1,980,000 in Americans with Disabilities Act (ADA) operating assistance. ECCTA currently contracts its fixed-route and

paratransit services to a private contractor, First Transit, and applies the ADA operating assistance toward supplementing the cost of operating ADA paratransit service.

Table 1 reflects the anticipated FTA-assisted contracting opportunities subject to the overall triennial goal period of FFY 2023-2025.

Table 1- FTA-Assisted Contracting Opportunities

Description of Contract	FTA Dollars
ADA operating assistance	\$1,980,000
Total	\$1,980,000

Determining Local Market Area

The following areas were considered in determining ECCTA’s local market area:

- 1) The area in which ECCTA spends the majority of its contracting dollars
- 2) The area in which the substantial majority of the contractors and subcontractors with which ECCTA does business are located

ECCTA’s service area includes 225 square miles in Eastern Contra Costa County, which is also where ECCTA’s headquarters is located. Currently all of the contracting dollars are spent in Contra Costa County.

ECCTA determined that the majority of contractors and subcontractors are located in the counties of Alameda, Contra Costa, Marin, Sacramento, San Francisco, San Mateo, San Joaquin, Santa Clara and Solano. ECCTA will use these counties to determine the number of DBEs and all firms in its local market area.

Goal Methodology

Step-One: Determining Base Figure

Base figures were calculated for contracts to be awarded during FFY 2023-2025 to determine the relative availability of DBEs in specific areas of expertise using the North American Industrial Classification System (NAICS) codes. ECCTA examined NAICS codes that would be associated with transportation providers able to provide its fixed route and paratransit service. At this time, ECCTA contracts with one transportation provider for these services. The layout of ECCTA’s facility in Antioch, California currently is only able to accommodate one contracted transportation provider. Limited facility space and parking space, as well as the current design and layout of ECCTA’s facility, and additional costs associated with housing two transportation providers, reasonably allow for only one contracted transportation provider. The NAICS code, description, and associated contracting opportunity are identified in column A, B and C of Table 2.

Table 2-NAICS Code and Associated Contracting Opportunity

A. NAICS CODE	B. NAICS DESCRIPTION	C. CONTRACTING OPPORTUNITY
485113	Bus and other Motor Vehicle Transit Systems	ADA operating assistance

Number of DBEs: To determine the number of DBEs in ECCTAs nine county market area, ECCTA searched the California Department of Transportation’s CUCP¹ database for DBEs that are certified in the identified NAICS code. The number of DBEs identified is displayed in column C of Table 3.

Number of All Firms (DBEs and non-DBEs): To determine the number of all firms (DBEs and non-DBEs) in ECCTAs nine county market area, ECCTA searched the United States Census Bureau’s most recent California Business Patterns (CBP)² database for all firms in the identified NAICS code. Numbers of all firms identified are displayed in column D of Table 3.

Relative Availability of DBE Firms: Relative availability is derived by dividing the number of DBEs available in a particular NAICS code by the number of all firms in that NAICS code. Column E in Table 3 displays the relative availability of DBE firms for the associated NAICS code.

Table 3- DBE Availability by NAICS Code

A. NAICS CODE	B. NAICS DESCRIPTION	C. DBEs AVAILABLE TO PERFORM THIS WORK	D. ALL FIRMS AVAILABLE	E. RELATIVE DBE AVAILABILITY
485113	Bus and other Motor Vehicle Transit Systems	0	16	0

Calculating Weighted Base Figure: Contract dollars of each industry classification were divided by the total contract dollars resulting in percentage of total dollars per classification. This weighted percentage is displayed in column D of Table 4.

Table 4- Calculating Weighted Base Figure

A. NAICS CODE	B. CONTRACTING OPPORTUNITY	C. FTA DOLLARS	D. WEIGHTED % OF TOTAL FTA DOLLARS	E. DBE AVAILABILITY	F. BASE FIGURE
485113	ADA operating assistance	\$1,980,000	1	0	0
	Total	\$1,980,000	1	Overall Base Figure	0

¹ <https://dot.ca.gov/programs/civil-rights/dbe-search>

² As found with the U.S. Census data tool, County Business Patterns, CBP Tables 2019

Overall Goal Base Figure: The base figure for the overall goal was calculated by multiplying the weighted percentage of funds to be expended for each NAICS code by DBE relative availability for each NAICS code. With only one contracting opportunity at this time with zero DBEs available in ECCTA's local area market for this contracting opportunity, the result is a 0 (zero)% overall base figure.

Step-Two: Adjusting Step-One Base Figure

49 C.F.R. Section 26.45 Part 26 requires an examination of available relevant evidence to determine what additional adjustment to the Base Figure is needed, if any, to narrowly tailor the Base Figure to ECCTA's marketplace and to establish the overall goal. To adjust the base figure, ECCTA reviewed and assessed other known evidence potentially impacting the relative availability of DBEs within ECCTA's local market area, in accordance with prescribed narrow tailoring provisions set forth in 49 CFR Part 26.45. Evidence considered in making an adjustment to the base figure included ECCTA's past DBE participation, disparity studies, and consultation/public participation information.

ECCTA did not consider past participation as relevant for adjusting the base figure. Due to the infrequency of contracting opportunities that met the \$250,000 threshold in past years, past participation in ECCTA's contracting opportunities was discounted.

ECCTA reviewed disparity studies in its local market area and found a San Francisco Bay Area Rapid Transit District (BART) Disparity Study issued on January 12, 2017³ and a California Department of Transportation (Caltrans) Disparity Study that was completed on August 6, 2021⁴.

The BART Disparity Study documented a statistically significant disparity in construction procurements for African American owned firms, Asian American owned firms, Hispanic American owned firms and Caucasian female owned firms. The BART Disparity Study also documented a statistically significant disparity in professional services procurements for Asian American owned firms, Hispanic American owned firms and Caucasian female owned firms.

ECCTA did not find the BART Disparity Study to be relevant to ECCTA as BART's marketplace is significantly larger than ECCTA's marketplace and the types of contracts awarded by BART are not substantially similar to the contracts awarded by ECCTA.

The Caltrans Disparity study "examined disparity analysis results separately for construction and professional services work to assess whether contracting outcomes differ by industry... minority- and woman-owned businesses considered together exhibited substantial disparities on both construction (disparity index of 73) and professional services (disparity index of 50) contracts. Results for individual groups indicate that:

³ As found in the January 12, 2017 San Francisco Bay Area Rapid Transit District Disparity Study Volume 1 https://www.bart.gov/sites/default/files/docs/VI.BART%20Final%20Report.Volume%20I.1.12.2017_1.pdf

⁴ As found in the August 6, 2021 Caltrans Disparity Study <https://dot.ca.gov/-/media/dot-media/programs/civil-rights/documents/disparity-study/caltrans-disparity-study-2021-final-report.pdf>

- All groups except non-Hispanic white woman-owned businesses (disparity index of 133) and Native American-owned businesses (disparity index of 81) showed substantial disparities on construction contracts. A disparity index of 81 indicates a disparity, but it does not reach the threshold to be considered substantial.
- All groups except Subcontinent Asian American-owned businesses (disparity index of 110) showed substantial disparities on professional services contracts.”

ECCTA did not find the Caltrans Disparity Study to be relevant to ECCTA. The Caltrans Disparity Study is based on the statewide marketplace. ECCTA’s marketplace consists of the counties of Alameda, Contra Costa, Marin, Sacramento, San Francisco, San Mateo, San Joaquin, Santa Clara and Solano. ECCTA does not believe the general statewide statistical findings of the disparity study can be interpolated to ECCTA’s limited market area given the demographic differences between the various regions in California. In addition, the types of contracts awarded by Caltrans are not substantially similar to the contracts awarded by ECCTA.

Based on this information, ECCTA did not make any adjustments to its overall base figure.

ECCTA is a member of the Business Outreach Committee (BOC) in the San Francisco Bay Area. The BOC is a consortium of San Francisco Bay Area Transit and Transportation Agencies. BOC members include: Alameda-Contra Costa Transit District, Alameda County Transportation Commission, California Department of Transportation, California High Speed Rail Authority, Central Contra Costa Transit Authority, City of Rio Vista, City of Santa Rosa, Eastern Contra Costa Transit Authority, Golden Gate Bridge Highway and Transportation District, Livermore Amador Valley Transit Authority, Marin Transit, Metropolitan Transportation Commission, Napa Valley Transportation Authority, San Francisco Bay Ferry/WETA, San Francisco County Transportation Authority, San Francisco Bay Area Rapid Transit District, San Francisco Municipal Transportation Agency, San Mateo County Transit District/Peninsula Joint Power Authority, Santa Clara Valley Transportation Authority, Santa Cruz Metropolitan Transit District, Solano County Transit, Sonoma County Department of Transportation and Public Works, Sonoma-Marín Area Rail Transit District, Transbay Joint Powers Authority and Western Contra Costa Transit Authority.

ECCTA participates in BOC group programs, activities and efforts in the San Francisco Bay Area. These efforts help to create a level playing field on which DBEs and small businesses can compete fairly, enhance outreach and communication efforts with these firms, and provide appropriate assistance and information for participation in DOT-assisted contracts. Through the BOC, ECCTA conducts outreach to introduce procurement opportunities to construction firms, professional services firms, product suppliers and manufacturers. ECCTA recently participated in a virtual Consultation Meeting and Virtual series of Public Participation Meetings. The BOC publishes a quarterly “Contracting Opportunities” newsletter that features contracting opportunities, resources, and guidance for small businesses and DBEs. ECCTA publishes its contracting opportunities in the newsletter and current issues of the newsletter are placed on ECCTA’s website at <http://trideltatransit.com/business-dbe.aspx>

ECCTA, in collaboration with other BOC members, conducted a Consultation Meeting on April 11, 2022 and a series of Public Participation Meetings on April 11, 2022 and April 26, 2022. The Consultation Meeting and Public Participation Meetings were held virtually over the Cisco WebEx Platform due to the ongoing COVID-19 pandemic. All interested parties were notified that member agencies were beginning the process of establishing overall DBE triennial goals for contracts and procurements that may be financed in whole or in part by FTA funds for FFY 2023-2025.

Consultation Meeting- April 11, 2022

The Consultation Meeting was dedicated to various trade groups, minority, women's and general contractor groups, community organizations, and technical resource groups from the San Francisco Bay Area. On March 8, 2022, an electronic invitation letter to Community Based Organizations (CBOs) was sent to 90 e-mails. ECCTA also distributed the invitation letter via U.S. Postal Service mail on March 10, 2022. Various trade groups, minority, women's and general contractor groups, community organizations, and technical resource groups from the San Francisco Bay Area were invited such as the African American, Asian, Black, Hispanic, Filipino, Japanese, American Indian Chambers of Commerce; the Bay Area Builders Exchange, the San Francisco Builders Exchange and the Sacramento Builders Exchange; the U.S. Small Business Administration (SBA); National Association of Women Business Owners San Francisco Bay Area Chapter and Silicon Valley Chapter; Marin Builders Association; Veterans Business Outreach Center; National Organization of Minority Architects San Francisco Chapter; Women in Consulting San Francisco Chapter; Department of General Services Office of Small Business Certification and Resources; National Association of Women in Construction; American Subcontractors Association; Small Business Development Centers; and NorCal Procurement Technical Assistance Center (PTAC). A total of four organizations registered, but only two were present. Representatives from NorCal PTAC and the SBA attended the consultation session. 20 BOC members also attended the consultation session.

The BOC asked questions to get feedback on issues within the DBE/SBE community, challenges to the DBE program, and how agencies can better assist DBEs/SBEs. The questions included:

- What are the major barriers for your members in competing for contracting opportunities?
- What trades are there a lack of/plethora of DBE participation?
- What are some recommended strategies to attract and increase DBE participation?
- Do you have suggestions for resources and references that the BOC should develop, maintain, and disseminate to your members?
- How can the Business Outreach Committee assist you in your mission?

Comments received from NorCal PTAC and SBA included:

- One of the barriers is that some of the primes are reluctant to use DBE certified firms because they are new and/or don't have prior experience.
- Pre-proposal conferences are good for DBE firms to meet the primes and see what requirements are for projects.
- SBA does liaison work with federal agencies and would like to support outreach efforts and information sharing to help reach the small business community.

- Most of the agencies that are federally funded do not have a procurement feature for vendors to “opt in” or post a vendor ad to reach a prime for a construction or professional services contract.
- Why have the majority of transit agencies not listed their DBE goals? A response was provided that several agencies were still finalizing their proposed goals and there is another BOC Public Participation Meeting scheduled for April 26, 2022 and that MTC and VTA would also host a Public Participation Meeting on June 7, 2022 that would include additional transit agencies.
- How many of the transit agencies that receive over \$100 million dollars conducted a disparity study? A response was provided that BART, VTA and Golden Gate Bridge, Highway, and Transportation District were doing a disparity study. It was noted that a disparity study is a challenge as it costs approximately \$1/2 to \$3/4 of a million dollars and takes on average 3 years to complete.
- NorCal PTAC encouraged transit agencies to use them as a resource to assist small businesses.

The presentation for the Consultation Meeting held on April 11, 2022 is located online at https://www.goldengate.org/assets/1/6/consultation_presentation.pdf and the recording is located online at:

<https://goldengate.webex.com/recording-service/sites/goldengate/recording/2328ab639be2103abf7bca6d6344b975/playback> Password: con411

The BOC offered two separate Public Participation meetings held via the Cisco WebEx Platform on April 11, 2022 and April 26, 2022. The meetings were open to the public to receive comments and questions on the overall goal setting process, discuss the proposed projected DBE goals from each participating agency, and answer any questions or concerns. The BOC distributed an electronic invitation and event flyer to approximately 9,354 businesses. The flyer was advertised in the Small Business Exchange on March 31, 2022 and April 7, 2022 and was promoted on NorCal PTAC’s event calendar and website at: <https://www.norcalptac.org/events/business-outreach-committee-boc-public-participation-meeting>.

Public Participation Meeting- April 11, 2022

57 individuals registered for the Public Participation Meeting on April 11, 2022 and 41 attended, including 21 firms/members of the public and 20 BOC members.

Listed below are comments received and addressed at the April 11th meeting:

- After the goal setting is done, do any agencies follow up with resource availability for the DBE contractor? Different types of assistance are needed for the different markets and subcontractors. An example was given that many DBE subcontractors do not know how to estimate. More assistance in the form of teaching, classes, etc. needs to be given to the DBE community so they learn how to be competitive and get bids. BOC responded stating that technical assistance and DBE supportive services are offered by the BOC. Some challenges are getting firms to participate, but the BOC will definitely look into offering more assistance.
- It was stated that an RFP for professional services is oftentimes less likely to be shown on the transit agencies websites versus capital projects and it is more challenging to find out who will be a prime when you are trying to get on a team. It was also stated that there are financial

burdens in professional services. The commenter asked if there are trainings that can be offered to DBEs to get past some of the professional services challenges for developing bids? Lastly, the commenter stated that there are some agencies that have very high goals and many of the agency goals seem low. BOC responded that the BOC will offer trainings for professional services and look into what some of the barriers may be. The reason that goals may be low is that it depends on what types of contracts are included in the projected goal and the availability of DBEs for the contracts.

- It was stated that the mentoring and protégé program at CalTrans is a great place to network with primes and get educational opportunities. There is also a VTA supply and diversity program. It was advised that DBEs register for these programs. It was suggested that money needs to be set aside at each agency for DBE education programs on how to maneuver in the government contracting arena. Many DBEs do not understand how to do estimating and how to get a contract with a prime.
- It was stated that emerging A&E firms have a difficult time forming relationships with primes because teams are formed in advance. Many primes are hesitant to work with a smaller DBE firm.
- I appreciate all of you setting goals for us DBE's. Very often we would not otherwise have an opportunity to participate on these projects. These requirements open the doors for us.
- I encourage all agencies to continue to focus on supportive services to bolster tradespersons starting business, residential contractors moving into the public works arena, and firms seeking to grow. Working in the public works arena requires a unique skill set and we need to continue to support the DBE firms that are working for your agencies.
- Thank you for the opportunity to learn about the process.
- Focus on your Technical Support Service Program to build DBE Success!
- Work with the Ethic Chambers and Trade Associations on a Training/Education & Development Accelerator Partnering Program.
- Networking with the Primes is the Key!

Listed below are questions received during registration for the April 11th meeting:

- How can Diversity/Outreach Inclusion Programs provide the necessary training on estimating, bidding, and project management? This is the help that DBE firms need!
- How to partner with prime contractor.
- Upcoming contracts and construction management opportunities.
- Small business network.

The presentation for the Public Participation Meeting held on April 11, 2022 is located online at https://www.goldengate.org/assets/1/6/final_public_participation_meeting_presentation_april_11_2022.pdf and the recording is located online at: <https://goldengate.webex.com/recording/service/sites/goldengate/recording/533db8799bf3103a9ca9c22ff4ecfe39/playback> Password: ppm411

Public Participation Meeting- April 26, 2022

37 individuals registered for the Public Participation Meeting on April 26, 2022 and 29 attended, including 10 firms/members of the public and 19 BOC members.

Listed below are comments received and addressed at the April 26th meeting:

- How do you address when goals are not met? BOC responded that an agency has to do a shortfall analysis which details the conditions that prevented the agency from meeting the goal and a corrective action plan detailing how the agency will mitigate future shortfalls. It was also noted that an agency can ask the Federal Transit Administration to approve a singular contract to use race-conscious goals using another agency's disparity study if there are similarities in the contracting opportunities; getting more firms certified as DBEs; and encouraging DBEs to attend pre-proposal conferences to network with prime contractors can assist in meeting goals.
- It was stated that many businesses are not government procurement sound and benefit from business development programs. BOC responded that the BOC provides resources and workshops to assist the DBE and small business community. The BOC also partners with NorCal PTAC and other businesses such as SCORE to promote the free resources available to assist DBEs and small businesses. Many larger transit agencies also offer business development programs.
- A participant who works with DBEs in the Central Valley stated that he wanted to offer similar public participation outreach as the BOC to the Central Valley and was interested in attending future BOC outreach events. The BOC shared a Federal Transit Administration YouTube channel and the U.S. Department of Transportation's "DBE Community of Practice Training Sessions" as additional resources.

Listed below is the question received during registration for the April 26th meeting:

- How do you determine the percentage DBE per project solicitation? When it is below 10%DBE we have more challenges finding teaming opportunities.

The presentation for the Public Participation Meeting held on April 26, 2022 is located online at https://www.goldengate.org/assets/1/6/april_26_public_participation_meeting_presentation2.pdf and the recording is located online at:

<https://goldengate.webex.com/recording-service/sites/goldengate/recording/1327905ea7b0103ab9ff1aca0dfb00a6/playback> Password: ppm426

ECCTA received no additional comments on its proposed DBE Triennial Goal before or after the Consultation or Public Participation Meetings.

Since there are zero (0) DBEs available to perform the work for ECCTA's anticipated FTA-assisted contracting opportunity projected for FFY 2023-2025, no adjustment was made to ECCTA's base figure based on the comments.

Race-Neutral/Race-Conscious

Consistent with the intent of leveling the competitive playing field for DBE firms, the U.S. DOT requires the maximum feasible portion of the DBE overall goal be achieved by race-neutral means. When a DBE firm wins a prime contract through normal competitive means, receives a subcontract from a prime that does not have a DBE goal attached, or receives a subcontract from a prime that did not consider its DBE status when making the award, it is considered to have done so through race-neutral means.

Race-conscious means, such as contract goals, take race into consideration. However, two complications arise in this area: one, California Proposition 209 requires that race-conscious means for contracts only apply to U.S. DOT-funded contracts; and two, the Ninth Circuit Court of Appeals ruled in *Western States Paving Co, Inc. v. Washington State Department of Transportation*, 407 F.3d 983 (9th Cir. 2005), that race-conscious means can only be used on U.S. DOT-funded contracts when there is evidence of discrimination against specific groups.

ECCTA strives to meet its goal through race-neutral means. However, if ECCTA finds a disparity study relevant to its market area and contracting opportunities, ECCTA may consider requesting approval from the FTA to use race-conscious means if it determines the need in the future.

Public Participation/Publication

ECCTA is a member of the BOC and participates in BOC group programs, activities, and efforts in the San Francisco Bay Area. These efforts help to create a level playing field on which DBEs and small businesses can compete fairly, enhance outreach and communication efforts with these firms, and provide appropriate assistance and information for participation in DOT-assisted contracts.

ECCTA, in collaboration with other BOC members, conducted a virtual Consultation Meeting on April 11, 2022 and a series of virtual Public Participation Meetings on April 11, 2022 and April 26, 2022. Interested parties were notified that BOC member agencies were beginning the process of establishing overall triennial DBE goals for contracts and procurements that may be financed in whole or in part by the FTA for FFY 2023-2025. The meetings included an overview of the DBE program, DBE goal setting exercise, comment period for input on proposed DBE goals, and notice of upcoming contracting opportunities. ECCTA discussed its proposed DBE Triennial Goal and provided an opportunity for feedback on the proposed goal at the Consultation and Public Participation Meetings.

On March 7, 2022 the Public Participation Meeting flyer and ECCTA's published notice announcing its proposed DBE Triennial Goal were posted on ECCTA's website at <http://trideltatransit.com/business-dbe.aspx>. ECCTA's published notice was also posted on its website at <https://trideltatransit.com/business-legal.aspx>. This information was posted on ECCTA's website in conjunction with the e-mailed invitation letter sent on March 8, 2022 and the U.S. Postal Service mailed invitation letter sent on March 10, 2022 to Community Based Organizations for the Consultation and Public Participation Meetings. ECCTA's published notice informed the public that the proposed DBE Triennial Goal and its rationale were available online and in-person for inspection during normal business hours at its administrative office in Antioch, California for a thirty-day comment period. ECCTA

posted the notice and proposed overall goal and methodology on its website:
<http://trideltatransit.com/business-dbe.aspx>

On March 8, 2022 ECCTA also mailed the notice, the proposed overall DBE goal and methodology, and the Consultation Meeting and Public Participation invitation letter to local Chambers of Commerce in ECCTA's service area, including the Antioch, Brentwood, Bay Point, Concord, Martinez, Oakley and Pittsburg Chambers of Commerce.

Conclusion

ECCTA's DBE Triennial Goal for FTA-assisted contracts for FFY 2023-2025 is 0 (zero)%. ECCTA will continue reviewing its contracting opportunities for any changes that may become necessary. A revised DBE goal will be set when new FTA-assisted contracting opportunities arise during the Federal fiscal period of October 1, 2022 through September 30, 2025.

PUBLIC NOTICE

Eastern Contra Costa Transit Authority (ECCTA)

Disadvantaged Business Enterprise

Triennial Goal Federal Fiscal Years 2023-2025

Notice is hereby given that Eastern Contra Costa Transit Authority (ECCTA), also referred to as Tri Delta Transit, has established a Disadvantaged Business Enterprise (DBE) Participation Goal in accordance with U.S. Department of Transportation Regulations at 49 CFR Part 26. ECCTA has established a proposed race-neutral overall DBE goal of 0 (zero)% for Federal Fiscal Years 2023 through 2025. The DBE goal is applicable to DOT-assisted contracting opportunities scheduled to be awarded during the period of October 1, 2022 through September 30, 2025.

ECCTA's proposed overall goal and its rationale are available for inspection online at www.TriDeltaTransit.com/business-dbe.aspx or in-person for thirty (30) days following the date of this Notice, between 8:00am to 5:00pm, Pacific Standard Time, Monday through Friday at the following location:

Eastern Contra Costa Transit Authority
801 Wilbur Avenue
Antioch, CA 94509
Telephone: 925-754-6622
Fax: 925-757-2530
civilrights@eccta.org
Contact: Tania Babcock, DBE Liaison Officer

ECCTA will accept comments on this proposed goal for thirty (30) days from the date of this notice. Written comments may be sent to ECCTA at the above address.

In compliance with the Americans with Disabilities Act, ECCTA is wheelchair accessible and disabled parking is available in the ECCTA parking lot. If you are a person with a disability and you need disability-related modifications or accommodations, please contact the DBE Liaison Officer at (925) 754-6622 or fax (925) 757-2530. Any person with Limited English Proficiency (LEP) who requires language assistance may also contact the DBE Liaison Officer at (925) 754-6622 or fax (925) 757-2530. To assist us in meeting specific needs, prior notice of at least five (5) business days is appreciated.

If information is needed in another language, please contact 1-925-754-6622.

Disadvantaged Business Enterprise (DBE) Program

DBE Program Policy Statement and Program Objectives (§26.1, 26.23)

Eastern Contra Costa Transit Authority (ECCTA) has established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 Code of Federal Regulations (CFR) Part 26. As a recipient of Federal financial assistance from the DOT, ECCTA has signed an assurance that it will comply with 49 CFR Part 26.

It is the policy of ECCTA to ensure that DBEs, as defined in 49 CFR Part 26, have an equal opportunity to receive and participate in DOT-assisted contracts. The objectives of the DBE Program include:

1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. Create a level playing field on which DBEs can compete fairly for DOT-assisted contracts;
3. Ensure that the DBE Program is narrowly tailored in accordance with applicable law;
4. Ensure that only firms that fully meet 49 CFR Part 26 eligibility standards are permitted to participate as DBEs;
5. Help remove barriers to the participation of DBEs in DOT-assisted contracts; and
6. Adhere to the adopted ECCTA purchasing policy principles throughout all aspects of the DBE Program.

ECCTA's Executive Assistant has been delegated as the DBE Liaison Officer (DBELO). In that capacity, the Executive Assistant is responsible for implementing all aspects of the DBE program. Implementation of the DBE program has the same priority as compliance with all other legal obligations incurred by ECCTA in its financial assistance agreements with the DOT.

ECCTA has disseminated this policy statement to its Board of Directors and to all departments of its organization. This policy statement is disseminated to members of the DBE and non-DBE business communities that perform or are interested in performing work on ECCTA's DOT-assisted contracts. The policy statement is on the Tri Delta Transit website at www.trideltatransit.com/business.aspx. Questions regarding ECCTA's DBE Program should be addressed to DBE Liaison Officer, 801 Wilbur Avenue, Antioch, CA 94509, fax 925-757-2530, telephone 925-754-6622, email civilrights@eccta.org.

DBE Goals

ECCTA establishes an overall goal for the participation of DBEs in contracting opportunities that are expected to receive federal financial assistance.

DBE and SBE Resources

- **Search for a certified DBE firm**- Prime contractors can search for certified DBEs to use as a subcontractor. (Hosted by the California Department of Transportation, Office of Business & Economic Opportunity)
- **Apply for DBE certification under the Unified Certification Program (UCP) of California**- Disadvantaged Business Enterprises are small, for-profit businesses that are at least 51% owned by individuals who are both

BOC Public Participation Meeting_FFY2023-2025_Flyer.pdf 218 KB

Action Items + Get more add-ins

Dear Business Partners,

The Business Outreach Committee (BOC), a consortium of Bay Area transit and transportation agencies, invites you to participate in a virtual consultation meeting to share information on the availability of Disadvantaged Business Enterprises (DBEs) and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and agency efforts to establish a level playing field in procurement and contracting activities.

Numerous BOC member agencies are in the process of establishing Overall Triennial DBE goals for contracts and procurements that will be financed in whole or in part with Federal Transit Administration funds for Federal Fiscal Year (FFY) 2023-2025. Your input on the methodology agencies use to determine their overall DBE goals is a critical part of the triennial DBE goal-setting process.

Please read the attached invitation letter for full details. **The Consultation Session is intended ONLY for minority, women's and general contractor groups, and community organizations.** Immediately following the consultation meeting, a separate Public Participation meeting will be held with the contracting community. The Public Participation meeting flyer is also attached separately to share with your clients.

Consultation Session
Monday, April 11, 2022, 9:30 AM – 10:30 AM (PST)
Cisco Webex:
<https://goldengate.webex.com/goldengate/j.php?MTID=m2e2e1e06db3f21038644aabb97939b05>

Agenda:

- I. Welcome & Introductions
- II. Brief Overview of the Business Outreach Committee
- III. Goal Methodology Process
- IV. Agencies' Upcoming Contracting Opportunities
- V. Input/Dialogue - Discussion Topics
- VI. Open Forum – Proposed DBE Goals

You should have already received an invite via Cisco Webex. Please share this invitation with other minority, women's and general contractor groups, community organizations, and other officials or organizations that can provide valuable information concerning the availability of disadvantaged and non-disadvantaged businesses. Please feel free to contact me with any questions you may have.

The BOC hopes you will join us for this very important meeting.

March 8, 2022

Dear Business Partner:

The Business Outreach Committee (BOC) invites you to participate in a virtual consultation meeting with Bay Area transit and transportation agencies to share information on the availability of Disadvantaged Business Enterprises (DBEs) and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and agency efforts to establish a level playing field in procurement and contracting activities. The BOC seeks your input on the methodology agencies use to determine their overall DBE goals for Federal Transit Administration (FTA) assisted contracts for Federal Fiscal Year (FFY) 2023 - 2025.

Members of trade associations, chambers of commerce, builders exchanges, and technical resource groups are invited to join in this discussion. We have included a list of proposed discussion topics and contact information for the BOC agency representatives that are participating in this meeting.

Immediately following the consultation session, BOC member agencies will conduct a virtual meeting for the public. The Public Participation meeting will include information on the role of recipients, the DBE goal-setting process, a DBE goal-setting exercise, agencies' proposed overall DBE goals, and an open forum to receive comments and/or suggestions on agencies' proposed DBE goals for the upcoming FFY. We are interested in hearing from you and the disadvantaged and small business community on how agencies can improve their DBE Programs. Please share the attached flyer with your clients.

Here are the details of the Consultation Meeting:

Consultation Session

Monday, April 11, 2022, 9:30 AM – 10:30 AM (PST)

Cisco Webex:

<https://goldengate.webex.com/goldengate/j.php?MTID=m2e2e1e06db3f21038644aabb97939b05>

The goal of the BOC is to assist small, disadvantaged and local firms in doing business with Bay Area transportation agencies. We strive to provide opportunities for small, disadvantaged, and/or local companies to expand their capacity by developing relationships with transit agency staff and the contracting community of the San Francisco Bay Area.

For questions, please contact me at adavenport@goldengate.org or 415-257-4581.

Please join us and provide your input on our efforts.

Respectfully,

Artemisé Davenport

Artemisé Davenport
Chair, Business Outreach Committee

Proposed Discussion Topics

1. What are the major barriers for your members in competing for contracting opportunities?
2. What trades are there a lack/plethora of DBE participation?
3. What are some recommended strategies to attract and increase DBE participation?
4. Do you have suggestions for resources and references that the BOC should develop, maintain, and disseminate to your members?
5. How can the Business Outreach Committee assist you in your mission?

The Business Outreach Committee includes Civil Rights Officers and Contract Administrators from:

FFY 2023-2025 DBE Triennial Goal Board Resolution

TRI DELTA TRANSIT

Eastern Contra Costa Transit Authority
801 Wilbur Avenue • Antioch, California 94509
Phone 925.754.6622 Fax 925.757.2530

**RESOLUTION #220525D
DISADVANTAGED BUSINESS ENTERPRISE (DBE) TRIENNIAL GOAL FOR FEDERAL
FISCAL YEARS (FFY) 2023-2025**

Resolution #220525D accepts the DBE Triennial Goal of 0% for FFY 2023-2025.

WHEREAS, in accordance with 49 CFR Part 26, Eastern Contra Costa Transit Authority (ECCTA) must establish an overall goal for DBE participation on all FTA-assisted contracts for FFY 2023-2025; and

WHEREAS, ECCTA must follow the procedures established by 49 CFR Part 26 to calculate its overall goal; and

WHEREAS, ECCTA has developed a methodology based on demonstrable evidence of the availability of ready, willing and able DBEs relative to all businesses ready, willing and able to participate on ECCTA's FTA-assisted contracts; and

WHEREAS, the methodology includes the base figure and the evidence with which it was calculated, and the evidence for any adjustments made to the base figure, and

WHEREAS, the goal reflects ECCTA's determination of the level of DBE participation it would expect absent the effects of discrimination; and

WHEREAS, ECCTA published its goal and methodology on its website on March 7, 2022; and

WHEREAS, ECCTA consulted with groups and organizations which could be expected to have information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and ECCTA's efforts to establish a level playing field for the participation of DBEs; and

WHEREAS, ECCTA will revise its DBE goal after new federally-assisted contracting opportunities become available;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Directors of the Eastern Contra Costa Transit Authority to adopt Resolution #220525D accepting the DBE Triennial Goal of 0% for FFY 2023-2025. Upon approval, ECCTA shall submit to the FTA the DBE Triennial Goal of 0% for FTA-assisted contracts for FFY 2023-2025.

RESOLUTION #220525D

PASSED AND ADOPTED THIS 25th day of May 2022, by the following votes:

EASTERN CONTRA COSTA TRANSIT AUTHORITY

Ken Gray, Chair

Jeanne Krieg, CEO
